Asset Allocation & Top 5 Holdings (as at 30 November 2011)

Investment Allocation

In order to meet its objectives, the Fund will invest up to 100% of its assets in China and North Asia related investments that may comprise of collective investment schemes and equities.

Investment Strategy

The Fund will seek to meet its objectives by investing up to 100% of its assets into a mixture of collective investment schemes and equities. The Fund will be invested in a portfolio of China and North Asia investments consisting of collective investment schemes, equities and/or Malaysian equities which will focus on companies listed on the Bursa Malaysia doing significant business related to China and North Asia. Generally, companies and funds with reasonably good growth prospects over the medium to long-term are sought. In identifying such companies, the Fund relies on fundamental research where the financial health and industry growth prospects are considered. In the selection of funds, management process, quality and past track records will be the primary considerations.

The fund is suitable for investors who seek

- A medium to high risk profile; and
- A mixture of capital gains and income over the medium to long term from some overseas exposure in China/North Asia.
