

ORGANISATIONAL ANTI- CORRUPTION PLAN (OACP)

To strengthen the Group's anti-corruption framework by conducting an in-depth Corruption Risk Assessment, develop departmental Organisation Anti-Corruption Plans, close gaps in anti-corruption policies and procedures, and conduct training.

Align with regulatory expectations and legal requirements regarding anti-bribery & corruption.

Departments and subsidiaries with signed - off action plans :
3 additional supporting plans by the control functions.

Distribution of the NEW ACTIONS OVER 3.0 Years

2025-2027

Notes

- The Ongoing items are those which are currently active but will continue throughout the OACP timeframe.
- Short term items will be completed within the next 12-15 months but can be done more quickly if possible.
- Medium term items are more complex and so required more extended timeframes. See the next slide.
