

KAF TACTICAL FUND

ANNUAL REPORT

31 AUGUST 2025

MANAGER'S REPORT

We are pleased to present the Manager's Report for the financial year ended 31 August 2025 ("the period").

1. Launch Date

KAF Tactical Fund ("KTF/the Fund") commenced operations on 2 September 2004 and will continue its operations until terminated according to the Master Deed dated 29 July 2004, Supplemental Master Deed dated 9 January 2014, Second Supplemental Master Deed dated 12 March 2015 and Third Supplemental Master Deed dated 20 March 2023.

2. Type of Fund

Growth Fund.

3. Category of Fund

Equity Fund.

4. Fund's Objective, Benchmark and Distribution Policy

KTF's investment objective is to provide unit holders with enhanced capital growth through a focused investment approach in certain preferred industry sectors at any given time.

The Fund's strategic asset allocation is limited to a maximum 95% of its net asset value ("NAV") in equities and a minimum 5% of NAV in liquid assets, either in cash or fixed-income securities.

The benchmark used for the Fund is FTSE Bursa Malaysia EMAS Index (FBM EMAS).

Income distribution (if any) is incidental.

5. Review of Fund Operations and Performance

For the financial year ended 31 August 2025, KTF registered a negative return of 17.80% compared to its benchmark FBM Emas Index, which also recorded a negative return of 6.26%. The underperformance is largely due to the fund's exposure to the Energy sector which underperformed the broad-based index during this period.

MANAGER'S REPORT

Since inception, based on its Net Asset Value ("NAV") the Fund recorded a return of 285.11% compared to its benchmark FBM Emas Index which grew to 103.46%.

During the financial year under review, the Fund realised a net gain amounting to RM4.61 million, arising from the disposal of equities, dividend received and interest earned. As at the end of the financial year, total unrealised loss stood at RM1.66 million.

KTF's fund size decreased to RM188.09 million on 31 August 2025 from RM218.80 million on 31 August 2024. The NAV per unit of the Fund decreased to RM0.9050 as at 31 August 2025 from RM1.1010 as at 31 August 2024 due to the negative return recorded during the period under review.

No cross-trade transaction carried out during the reported period ended 31 August 2025. The Fund has not undertaken any securities lending or repurchase transaction for the reported period.

MANAGER'S REPORT

7. Equity Market Review

During the review period, MSCI World, MSCI Asia Pacific and MSCI ASEAN increased by 14.11%, 13.43% and 8.33% during the period of review. MSCI ASEAN Small Cap declined by 2.37% despite the strong performance seen in both MSCI World Small Cap and MSCI Asia Pacific Small Cap which increased by 11.62% and 12.95% during the period review. S&P 500, Dow Jones Industrial Index and NASDAQ increased by 14.37%, 9.58% and 21.12% during the review period. The FBM-KLCI, FBM Emas and FBM Small Cap registered losses of 6.18%, 6.26% and 9.84% in the same period.

August was a quiet but tense month for global bond markets. At the Jackson Hole meeting, Jerome Powell commented on the signs of weakening US labour market and persistent US inflation, which could set the backdrop of a further rate cut. Back in Malaysia, Bank Negara Malaysia ("BNM") cut the Overnight Policy Rate ("OPR") by 25 basis points during the MPC meeting at the start of July stating that the cut was preemptive to the preserve growth rate of the Malaysian economy in the face of increased external trade risks.

The Malaysian Government Securities ("MGS") benchmark 3-year, 5-year and 10-year yields closed at 3.00%, 3.08% and 3.39% from 3.35%, 3.51% and 3.76%, respectively, in the previous period. US Treasury benchmark 2-year declined to 3.62% from 3.92%, 5-year yield remained unchanged at 3.60% whilst the 10-year yields increased to 4.23% from 3.90% in the previous period. The Malaysian Ringgit appreciated against the US Dollar during this period closing at RM 4.22 from RM 4.32 previously.

Malaysia's Gross Domestic Product ("GDP") grew by 4.4% Year-on-Year ("YoY") in the second quarter of 2025, unchanged from the previous quarter. Private consumption rose 2.1% likely due to improvements in disposable income and increases in tourism activities. Malaysia recorded an increased of tourist arrivals in the first four months of the year to 8.4 million tourist arrivals from 7.5 million in the same period last year. Exports softened during the quarter which can be attributed to Trump's reciprocal tariff policies. On the supply side, all major sectors recorded positive Quarter-on-Quarter ("QoQ") growth except for mining and quarrying sector.

MANAGER'S REPORT

8. Market Outlook & Strategy

The primary driver of economic and financial market volatility in 2025 has been the uncertainty surrounding the new U.S. administration's policy agenda. While the administration has proposed sweeping fiscal and regulatory changes, significant political and logistical hurdles are limiting their implementation. Nevertheless, the new reciprocal tariffs appear to be a lasting feature of U.S. economic policy, not just a short-term negotiating tactic. Interestingly, global trade volumes have not declined as some models predicted. This resilience suggests two possibilities: either underlying global economic demand is strong enough to absorb the costs, or trade is effectively being rerouted to non-tariff countries, changing trade patterns rather than destroying volume.

Our investment strategy has always focused on identifying high-quality companies trading at attractive valuations. We believe companies that have benefited from trade diversion stemming from U.S.-China trade tensions should continue to perform well in the current environment. Moreover, during periods of heightened volatility, markets often exhibit elevated levels of irrationality, where stock prices are driven more by sentiment than by underlying fundamentals. In such conditions, the role of active management becomes increasingly critical in capitalizing on market dislocations. We are already beginning to see compelling opportunities emerge from the recent market sell-off, reinforcing our view that the potential upside for long-term investors remains promising.

9. Changes made to the Fund's prospectus

There were no changes made to the Fund's prospectus during the reported period.

MANAGER'S REPORT

10. Soft Commission

The Manager had received a soft commission (in the form of goods and services) during the year under review, which intended to bring direct benefit or advantage to the management of KTF from one broker/dealer by virtue of transactions conducted for KTF. The broker/dealer had also executed trades for other funds or investments managed by the Manager.

The soft commission received is in the form of research services that can add value to the investment process by analysing data to extract insights and arrive at meaningful conclusions. Such data assists the Manager in the investment decision-making process which is of demonstrable benefit to unit holders of KTF and other funds or investments managed by the Manager.

The soft commissions received were for the benefit of the Fund, and there was no churning of trades.

Basis of calculation and assumption made in calculating the returns:-

The performance figures are a comparison of the growth/decline in NAV for the stipulated period taking into account all the distribution payable (if any) during the stipulated period.

An illustration of the above would be as follow:-

$$\begin{aligned} \text{Capital return} &= \text{NAV per Unit end} / \text{NAV per Unit begin} - 1 \\ \text{Income return} &= \text{Income distribution per Unit} / \text{NAV per Unit ex-date} \\ \text{Total return} &= (1 + \text{Capital return}) \times (1 + \text{Income return}) - 1 \end{aligned}$$

Note: Total Expense Ratio ("TER") is calculated by taking the total fees and recovered expenses incurred by the Fund divided by the average fund size. Portfolio Turnover Ratio ("PTR") is calculated by taking the average of the acquisition and disposal of the Fund divided by the average fund size.

The TER was lower than the previous year due to the increase in average NAV during the financial year under review (refer to Note 13).

The PTR was higher than the previous year due to overall increase in portfolio rebalancing activities undertaken by the Fund (refer to Note 14).

Past performance is not necessarily indicative of future performance. Unit prices and investment returns may go down, as well as up.

INDEPENDENT AUDITORS' REPORT

TO THE UNIT HOLDERS OF
KAF TACTICAL FUND

REPORT ON THE AUDIT OF THE FINANCIAL STATEMENTS

Our opinion

In our opinion, the financial statements of **KAF Tactical Fund** ("the Fund") give a true and fair view of the financial position of the Fund as at 31 August 2025, and of its financial performance and its cash flows for the financial year then ended in accordance with Malaysian Financial Reporting Standards and International Financial Reporting Standards.

What we have audited

We have audited the financial statements of the Fund, which comprise the statement of financial position as at 31 August 2025, and the statement of comprehensive income, statement of changes in equity and statement of cash flows for the financial year then ended, and notes to the financial statements, including a summary of material accounting policies, as set out on pages 17 to 67.

Basis for opinion

We conducted our audit in accordance with approved standards on auditing in Malaysia and International Standards on Auditing. Our responsibilities under those standards are further described in the "Auditors' responsibilities for the audit of the financial statements" section of our report.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Independence and other ethical responsibilities

We are independent of the Fund in accordance with the By-Laws (on Professional Ethics, Conduct and Practice) of the Malaysian Institute of Accountants ("By-Laws") and the International Ethics Standards Board for Accountants' International Code of Ethics for Professional Accountants (including International Independence Standards) ("IESBA Code"), and we have fulfilled our other ethical responsibilities in accordance with the By-Laws and the IESBA Code.

INDEPENDENT AUDITORS' REPORT

TO THE UNIT HOLDERS OF
KAF TACTICAL FUND

REPORT ON THE AUDIT OF THE FINANCIAL STATEMENTS (CONT'D)

Information other than the financial statements and auditors' report thereon

The Manager of the Fund is responsible for the other information. The other information comprises Manager's Report but does not include the financial statements of the Fund and our auditors' report thereon.

Our opinion on the financial statements of the Fund does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements of the Fund, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements of the Fund or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of the other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of the Manager for the financial statements

The Manager of the Fund is responsible for the preparation of the financial statements of the Fund that gives a true and fair view in accordance with Malaysian Financial Reporting Standards and International Financial Reporting Standards. The Manager is also responsible for such internal controls as the Manager determines is necessary to enable the preparation of financial statements of the Fund that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements of the Fund, the Manager is responsible for assessing the Fund's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Manager either intends to liquidate the Fund or has no realistic alternative but to do so.

INDEPENDENT AUDITORS' REPORT

TO THE UNIT HOLDERS OF
KAF TACTICAL FUND

REPORT ON THE AUDIT OF THE FINANCIAL STATEMENTS (CONT'D)

Auditors' responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements of the Fund as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with approved standards on auditing in Malaysia and International Standards on Auditing will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with approved standards on auditing in Malaysia and International Standards on Auditing, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- (a) Identify and assess the risks of material misstatement of the financial statements of the Fund, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- (b) Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Fund's internal control.
- (c) Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Manager.

INDEPENDENT AUDITORS' REPORT

TO THE UNIT HOLDERS OF
KAF TACTICAL FUND

REPORT ON THE AUDIT OF THE FINANCIAL STATEMENTS (CONT'D)

Auditors' responsibilities for the audit of the financial statements (cont'd)

(d) Conclude on the appropriateness of the Manager's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Fund's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the financial statements of the Fund or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Fund to cease to continue as a going concern.

(e) Evaluate the overall presentation, structure and content of the financial statements of the Fund, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with the Manager regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

OTHER MATTERS

This report is made solely to the unit holders of the Fund and for no other purpose. We do not assume responsibility to any other person for the content of this report.

The accompanying summary of material accounting policies and notes to the financial statements form an integral part of these financial statements.

SUMMARY OF MATERIAL ACCOUNTING POLICIES
FOR THE FINANCIAL YEAR ENDED 31 AUGUST 2025

The following accounting policies have been used in dealing with items which are considered material in relation to the financial statements.

A BASIS OF PREPARATION OF THE FINANCIAL STATEMENTS

The financial statements have been prepared in accordance with the provisions of the Malaysian Financial Reporting Standards ("MFRS") and International Financial Reporting Standards ("IFRS").

The financial statement have been prepared under the historical cost convention, as modified by the revaluation of financial assets at fair value through profit or loss.

The preparation of financial statements in conformity with MFRS and IFRS requires the use of certain critical accounting estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reported financial year. It also requires the Manager to exercise their judgement in the process of applying the Fund's accounting policies. Although these estimates and judgement are based on the Manager's best knowledge of current events and actions, actual results may differ.

Estimates and judgements are continually evaluated by the Manager and are based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances.

The areas involving a higher degree of judgement or complexity, or areas where assumptions and estimates are significant to the financial statements are disclosed in Note K.

SUMMARY OF MATERIAL ACCOUNTING POLICIES

FOR THE FINANCIAL YEAR ENDED 31 AUGUST 2025

A BASIS OF PREPARATION OF THE FINANCIAL STATEMENTS (CONT'D)

(a) Standards, amendments to published standards and interpretations that are effective

The Fund has applied the following amendments for the first time for the financial year beginning on 1 September 2024:

- Amendments to MFRS 101 and MFRS Practice Statement 2 'Disclosure of Accounting Policies'.
- Amendment to MFRS 108 'Definition of Accounting Estimates'.
- Amendment to MFRS 101 'Classification of liabilities as current or non-current'.

The adoption of the above standards, amendments to standards or interpretations did not have a material effect on the financial statements of the Fund.

(b) Standards and amendments that have been issued but not yet effective

A number of new standards and amendments to standards and interpretations are effective for the financial year beginning after 1 September 2024. None of these are expected to have a significant effect on the financial statements of the Fund, except the following set out below:

- MFRS 18 'Presentation and Disclosure in Financial Statements' (effective 1 January 2027) replaces MFRS 101 'Presentation of Financial Statements'.
- The new MFRS introduces a new structure of profit or loss statement.
- (a) Income and expenses are classified into 3 new main categories:
 - (i) Operating category which typically includes results from the main business activities;

A BASIS OF PREPARATION OF THE FINANCIAL STATEMENTS (CONT'D)

(b) Standards and amendments that have been issued but not yet effective (cont'd)

- MFRS 18 'Presentation and Disclosure in Financial Statements' (effective 1 January 2027) replaces MFRS 101 'Presentation of Financial Statements'.

(a) Income and expenses are classified into 3 new main categories: (cont'd)

(ii) Investing category that presents the results of investments in associates and joint ventures and other assets that generate a return largely independently of other resources; and

(iii) Financing category that presents income and expenses from financing liabilities.

(b) Entities are required to present two new specified subtotals: 'Operating profit or loss' and 'Profit or loss before financing and income taxes'.

- Management-defined performance measures are disclosed in a single note and reconciled to the most similar specified subtotal.
- Changes to the guidance on aggregation and disaggregation which focus on grouping items based on their shared characteristics.

The Fund is currently still assessing the effect of the above standards and amendments. No other new standards or amendments to standards are expected to have a material effect on the financial statements of the Fund.

B INCOME RECOGNITION

Dividend income are recognised on the ex-dividend date, when the right to receive the dividend has been established.

SUMMARY OF MATERIAL ACCOUNTING POLICIES

FOR THE FINANCIAL YEAR ENDED 31 AUGUST 2025

B INCOME RECOGNITION (CONT'D)

Interest income from deposits with licensed financial institutions are recognised using the effective interest rate method on an accrual basis.

Interest income is calculated by applying the effective interest rate to the gross carrying amount of a financial asset except for financial assets that subsequently become credit-impaired. For credit-impaired financial assets, the effective interest rate is applied to the net carrying amount of the financial asset (after deduction of the loss allowance).

Realised gains or losses on sale of investments are accounted for as the difference between the net disposal proceeds and the carrying amount of the investments, which is determined on a weighted average cost basis.

C TAXATION

Current tax expense is determined according to the Malaysian tax laws at the current rate based upon the taxable profits earned during the financial year.

D FUNCTIONAL AND PRESENTATION CURRENCY

Items included in the financial statements of the Fund are measured using the currency of the primary economic environment in which the Fund operates (the "functional currency"). The financial statements are presented in Ringgit Malaysia ("RM"), which is the Fund's functional and presentation currency.

E FINANCIAL ASSETS AND FINANCIAL LIABILITIES

(i) Classification

The Fund classifies its financial assets in the following measurement categories:

- those to be measured at fair value through profit or loss; and
- those to be measured at amortised cost.

SUMMARY OF MATERIAL ACCOUNTING POLICIES

FOR THE FINANCIAL YEAR ENDED 31 AUGUST 2025

E FINANCIAL ASSETS AND FINANCIAL LIABILITIES (CONT'D)

(i) Classification (cont'd)

The Fund classifies its investments based on both the Fund's business model for managing those financial assets and the contractual cash flow characteristics of the financial assets. The portfolio of financial assets is managed and performance is evaluated on a fair value basis. The Fund is primarily focused on fair value information and uses that information to assess the assets' performance and to make decisions. The Fund has not taken the option to irrevocably designate any equity securities as fair value through other comprehensive income. Consequently, all investments are measured at fair value through profit or loss.

Investments in collective investment schemes are debt instruments with contractual cash flows that do not represent solely payments of principal and interest, and therefore are classified as fair value through profit or loss.

The Fund classifies cash and cash equivalents, amount due from brokers, amount due from Manager - creation of units and dividend receivables as financial assets at amortised cost as these financial assets are held to collect contractual cash flows consisting of the amount outstanding.

The Fund classifies amount due to brokers, amount due to Manager, amount due to Trustee and other payables and accruals as financial liabilities measured at amortised cost.

(ii) Recognition and measurement

Regular purchases and sales of financial assets are recognised on the trade-date, the date on which the Fund commits to purchase or sell the asset. Investments are initially recognised at fair value. Transaction costs are expensed in the statement of comprehensive income.

Financial liabilities, within the scope of MFRS 9, are recognised in the statement of financial position when, and only when, the Fund becomes a party to the contractual provisions of the financial instrument.

SUMMARY OF MATERIAL ACCOUNTING POLICIES

FOR THE FINANCIAL YEAR ENDED 31 AUGUST 2025

E FINANCIAL ASSETS AND FINANCIAL LIABILITIES (CONT'D)

(ii) Recognition and measurement (cont'd)

Financial assets are derecognised when the rights to receive cash flows from the investments have expired or have been transferred and the Fund has transferred substantially all risks and rewards of ownership.

Financial liabilities are derecognised when it is extinguished, i.e. when the obligation specified in the contract is discharged or cancelled or expired.

Gains or losses arising from changes in the fair value of the 'financial assets at fair value through profit or loss' category are presented in the statement of comprehensive income within net gain/(loss) on financial assets at fair value through profit or loss in the financial year in which they arise.

Dividend income from financial assets at fair value through profit or loss is recognised in the statement of comprehensive income as part of gross dividend income when the Fund's right to receive payments is established.

In accordance to the Deeds, quoted investments in Malaysia are valued at the last traded market price quoted on the Bursa Malaysia Securities Berhad ("Bursa Securities") at the date of the statement of financial position. In circumstances where the last traded market price is not within the bid-ask spread, the Manager will determine the point within the bid-ask spread that is most representative of the fair value.

Deposits with licensed financial institutions are stated at cost plus accrued interest calculated using the effective interest rate method over the period from the date of placement to the date of maturity of the respective deposits.

Financial assets at amortised cost and other financial liabilities are subsequently carried at amortised cost using the effective interest rate method.

SUMMARY OF MATERIAL ACCOUNTING POLICIES

FOR THE FINANCIAL YEAR ENDED 31 AUGUST 2025

E FINANCIAL ASSETS AND FINANCIAL LIABILITIES (CONT'D)

(iii) Impairment for assets carried at amortised cost

The Fund measures credit risk and expected credit losses using probability of default, exposure at default and loss given default. Management considers both historical analysis and forward-looking information in determining any expected credit loss. Management considers the probability of default to be close to zero as these instruments have a low risk of default and the counterparties have a strong capacity to meet their contractual obligations in the near term. As a result, no loss allowance has been recognised based on 12-month and lifetime expected credit losses as any such impairment would be wholly insignificant to the Fund.

Significant increase in credit risk

A significant increase in credit risk is defined by management as any contractual payment which is more than 30 days past due.

Definition of default and credit-impaired financial assets

The Fund defines a financial instrument as default, which is fully aligned with the definition of credit-impaired, when it meets one or more of the following criteria:

Quantitative criteria:

Any contractual payment which is more than 90 days past due is considered credit impaired.

Qualitative criteria:

The debtor meets unlikeliness to pay criteria, which indicates the debtor is in significant financial difficulty. The Fund considers the following instances:

- the debtor is in breach of financial covenants;
- concessions have been made by the creditor relating to the debtor's financial difficulty;

SUMMARY OF MATERIAL ACCOUNTING POLICIES

FOR THE FINANCIAL YEAR ENDED 31 AUGUST 2025

E FINANCIAL ASSETS AND FINANCIAL LIABILITIES (CONT'D)

(iii) Impairment for assets carried at amortised cost (cont'd)

- it is becoming probable that the debtor will enter bankruptcy or other financial reorganisation; and
- the debtor is insolvent.

Financial instruments that are credit-impaired are assessed on an individual basis.

Write-off

The Fund writes off financial assets, in whole or in part, when it has exhausted all practical recovery efforts and has concluded there is no reasonable expectation of recovery. The assessment of no reasonable expectation of recovery is based on unavailability of debtor's sources of income or assets to generate sufficient future cash flows to repay the amount. The Fund may write-off financial assets that are still subject to enforcement activity. Subsequent recoveries of amounts previously written off will result in impairment gains. There are no write-offs/recoveries during the financial year.

F CASH AND CASH EQUIVALENTS

For the purpose of statement of cash flows, cash and cash equivalents comprise cash at bank and deposits with a licensed financial institution with original maturities of 3 months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

G AMOUNT DUE FROM/(TO) BROKERS

Amounts due from/(to) brokers represent receivables for quoted securities sold and payables for quoted securities purchased that have been contracted for but not yet settled or delivered on the statement of financial position date respectively. The due from brokers balance is held for collection.

SUMMARY OF MATERIAL ACCOUNTING POLICIES

FOR THE FINANCIAL YEAR ENDED 31 AUGUST 2025

G AMOUNT DUE FROM/(TO) BROKERS (CONT'D)

These amounts are recognised initially at fair value and subsequently measured at amortised cost. At each reporting date, the Fund shall measure the loss allowance on amounts due from broker at an amount equal to the lifetime expected credit losses if the credit risk has increased significantly since initial recognition. If, at the reporting date, the credit risk has not increased significantly since initial recognition, the Fund shall measure the loss allowance at an amount equal to 12-month expected credit losses. Significant financial difficulties of the broker, probability that the broker will enter bankruptcy or financial reorganisation, and default in payments are all considered indicators that a loss allowance may be required.

If the credit risk increases to the point that it is considered to be credit impaired, interest income will be calculated based on the gross carrying amount adjusted for the loss allowance. A significant increase in credit risk is defined by management as any contractual payment which is more than 30 days past due.

Any contractual payment which is more than 90 days past due is considered credit impaired.

H TRANSACTION COSTS

Transaction costs are costs incurred to acquire or dispose financial assets or liabilities at fair value through profit or loss. They include fees and commissions paid to agents, advisors, brokers and dealers. Transaction costs, when incurred, are immediately recognised in the statement of comprehensive income as expenses.

I CREATION AND CANCELLATION OF UNITS

The Fund issues cancellable units, which are cancelled at the unit holder's option and are classified as equity. Cancellable units can be put back to the Fund at any time for cash equal to a proportionate share of the Fund's NAV. The outstanding units are carried at the redemption amount that is payable as at the date of the statement of financial position if the unit holder exercises the right to put the units back to the Fund.

SUMMARY OF MATERIAL ACCOUNTING POLICIES

FOR THE FINANCIAL YEAR ENDED 31 AUGUST 2025

I CREATION AND CANCELLATION OF UNITS (CONT'D)

Units are created and cancelled at the unit holder's option at prices based on the Fund's NAV per unit at the time of creation or cancellation. The Fund's NAV per unit is calculated by dividing the net assets attributable to unit holders with the total number of outstanding units.

J UNIT HOLDERS' CAPITAL

The unit holders' capital to the Fund meets the definition of puttable instruments classified as equity instruments under MFRS 132 'Financial Instruments: Presentation'. Those criteria include:

- the units entitle the unit holder to a proportionate share of the Fund's NAV;
- the units are the most subordinated class and class features are identical;
- there is no contractual obligations to deliver cash or another financial asset other than the obligation on the Fund to repurchase; and
- the total expected cash flows from the units in the Fund over its life are based substantially on the profit or loss of the Fund.

The outstanding units are carried at the redemption amount that is payable at each financial year if a unit holder exercises the right to put the unit back to the Fund.

K CRITICAL ACCOUNTING ESTIMATES AND JUDGEMENT IN APPLYING ACCOUNTING POLICIES

The Fund makes estimates and assumptions concerning the future. The resulting accounting estimates will, by definition, rarely equal the related actual results. To enhance the information contents of the estimates, certain key variables that are anticipated to have material impact to the Fund's results and financial position are tested for sensitivity to changes in the underlying parameters.

SUMMARY OF MATERIAL ACCOUNTING POLICIES

FOR THE FINANCIAL YEAR ENDED 31 AUGUST 2025

K CRITICAL ACCOUNTING ESTIMATES AND JUDGEMENT IN APPLYING ACCOUNTING POLICIES (CONT'D)

Estimates and judgements are continually evaluated by the Manager and are based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances.

However, the Manager is of the opinion that there are no accounting policies which require significant judgement to be exercised.

In undertaking any of the Fund's investment, the Manager will ensure that all assets of the Fund under management will be valued appropriately, that is at fair value and in compliance with the Securities Commission Malaysia's ("SC") Guidelines on Unit Trust Funds.

NOTES TO THE FINANCIAL STATEMENTS

FOR THE FINANCIAL YEAR ENDED 31 AUGUST 2025

1. THE FUND, THE MANAGER AND THEIR PRINCIPAL ACTIVITIES

KAF Tactical Fund (hereinafter referred to as "the Fund") was constituted pursuant to a Master Deed dated 29 July 2004 (hereinafter referred to as "the Deed"), between KAF Investment Funds Berhad ("the Manager") and Universal Trustee (Malaysia) Berhad ("the Trustee") as well as the subsequent issuance of the Supplemental Master Deed dated 9 January 2014, Second Supplemental Master Deed dated 12 March 2015 and Third Supplemental Master Deed dated 20 March 2023 (collectively referred to as "the Master Deed").

The principal activity of the Fund is to invest in "Permitted Investments" as defined under the Seventh Schedule of the Deed, which includes stocks and shares of companies quoted on the Bursa Malaysia and short-term investment. The Fund commenced operations on 2 September 2004 and will continue its operations until terminated according to the conditions in the Deeds.

All investment will be subject to the SC's Guidelines on Unit Trust Funds and the Deeds, except where exemptions and variations have been approved by the SC, internal policies and procedures and the Fund's objective.

The Manager, KAF Investment Funds Berhad, is incorporated in Malaysia. Its principal activities are the management of unit trust funds and provision of fund management.

The principal place of business of the Manager is located at Level 13, Menara IQ, Lingkaran TRX, Tun Razak Exchange, 55188 Kuala Lumpur.

2. FINANCIAL INSTRUMENTS, RISK MANAGEMENT OBJECTIVES AND POLICIES (CONT'D)

The Fund is exposed to a variety of risks which include market risk (including price risk and interest rate risk), liquidity risk and credit risk from its financial instruments.

Financial risk management is carried out through internal control processes adopted by the Manager and adherence to the investment restrictions as stipulated in the Replacement Master Prospectus and the SC's Guidelines on Unit Trust Funds.

Market risk

(a) Price risk

The Fund is exposed to price risk because of the investments held by the Fund and classified at fair value through profit or loss. Price risk is the risk that the fair value of an investment will fluctuate because of changes in market prices (other than those arising from interest rate risk). Such fluctuation may cause the Fund's NAV and price of units to fall as well as rise and income produced by the Fund may also fluctuate. The price risk is managed through diversification and selection of securities and other financial instruments within specified limits according to the Deed.

The table below shows the financial assets of the Fund as at 31 August which are exposed to price risk:

	2025 RM	2024 RM
Investments		
Quoted equities at fair value through profit or loss	169,228,859	199,113,384
Collective investment schemes at fair value through profit or loss	2,534,000	-

The following table summarises the sensitivity of the Fund's investments to price risk movements as at 31 August. The analysis is based on the assumptions that the market price increased and decreased by 5% (2024: 5%) with all other variables held constant. This represents management's best estimate of a reasonable possible shift in the quoted securities, having regard to the historical volatility of the prices. Disclosures below are shown in absolute terms, changes and impacts could be positive or negative.

NOTES TO THE FINANCIAL STATEMENTS
FOR THE FINANCIAL YEAR ENDED 31 AUGUST 2025

2. FINANCIAL INSTRUMENTS, RISK MANAGEMENT OBJECTIVES AND POLICIES (CONT'D)

Market risk (cont'd)

(b) Interest rate risk

Interest rate risk is the risk that the value of the Funds will fluctuate because of changes in market interest rates.

The Fund's exposure to the interest rate risk is mainly confined to short-term deposits with a licensed financial institution. Interest rate risk is actively managed by duration targeting based on the interest rate outlook. The Manager overcomes the exposure to interest rate risk of short-term deposits with a licensed financial institution by way of maintaining deposits with a licensed financial institution on a short-term basis.

The effective weighted average interest rates per annum and the average remaining maturities of deposit with a licensed financial institution as at the date of the statement of financial position is as follows:

	Weighted average interest rates		Average remaining maturities	
	2025 %	2024 %	2025 Days	2024 Days
Deposit with a licensed financial institution	3.00	3.20	2	2

Liquidity risk

Liquidity risk is the risk that the Fund will encounter difficulties in meeting its financial obligations. The Manager manages this risk by maintaining sufficient level of liquid assets to meet anticipated payment and cancellations of unit by unit holders. Liquid assets comprise cash at bank, deposits with a licensed financial institution and other instruments, which are capable of being converted into cash within 7 days.

2. FINANCIAL INSTRUMENTS, RISK MANAGEMENT OBJECTIVES AND POLICIES (CONT'D)

Credit risk

Credit risk refers to the inability of an issuer or counterparty to make timely payments of interest, principals and proceeds from realisation of investment. The Manager manages the credit risk by undertaking credit evaluation to minimise such risk.

Credit risk arising from placements in deposits with a licensed financial institution is managed by ensuring that the Fund will only place deposits in reputable licensed financial institution.

The settlement terms of the proceeds from the creation of units receivable from the Manager are governed by the SC's Guidelines on Unit Trust Funds.

The maximum exposure to credit risk before any credit enhancements is the carrying amount of the financial assets as set out below:

	2025 RM	2024 RM
Cash and cash equivalents	17,291,961	23,440,518

Capital risk

The capital of the Fund is represented by equity consisting of unit holders' capital and retained earnings. The amount of equity can change significantly on a daily basis as the Fund is subject to daily subscriptions and redemptions at the discretion of unit holders. The Fund's objective when managing capital is to safeguard the Fund's ability to continue as a going concern in order to provide returns for unit holders and benefits for other stakeholders and to maintain a strong capital base to support the development of the investment activities of the Fund.

Fair value estimation

Financial instruments comprise financial assets and financial liabilities. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (i.e. exit price).

NOTES TO THE FINANCIAL STATEMENTS
FOR THE FINANCIAL YEAR ENDED 31 AUGUST 2025

2. FINANCIAL INSTRUMENTS, RISK MANAGEMENT OBJECTIVES AND POLICIES (CONT'D)

Fair value estimation (cont'd)

The fair value of financial assets traded in active markets (such as publicly-traded securities) are based on quoted market prices at the close of trading on the financial year end date.

An active market is a market in which transactions for the assets and liabilities take place with sufficient frequency and volume to provide pricing information on an ongoing basis.

The fair value of financial assets that are not traded in an active market is determined by using valuation techniques.

The carrying values of cash and cash equivalents, amount due from brokers, amount due from Manager - creation of units, dividend receivables and all current liabilities are reasonable approximations of their fair values due to their short-term nature.

Fair value hierarchy

The Fund classifies fair value measurements using a fair value hierarchy that reflects the significance of the inputs used in making the measurements. The fair value hierarchy has the following levels:

- Quoted prices (unadjusted) in active market for identical assets or liabilities (Level 1).
- Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (that is, as prices) or indirectly (that is, derived from prices) (Level 2).
- Inputs for the asset and liability that are not based on observable market data (that is, unobservable inputs) (Level 3).

NOTES TO THE FINANCIAL STATEMENTS
FOR THE FINANCIAL YEAR ENDED 31 AUGUST 2025

2. FINANCIAL INSTRUMENTS, RISK MANAGEMENT OBJECTIVES AND POLICIES (CONT'D)

Fair value hierarchy (cont'd)

The level in the fair value hierarchy within which the fair value measurement is categorised is determined on the basis of the lowest level input that is significant to the fair value measurement in its entirety. For this purpose, the significance of an input is assessed against the fair value measurement in its entirety. If a fair value measurement uses observable inputs that require significant adjustment based on unobservable inputs, that measurement is a Level 3 measurement. Assessing the significance of a particular input to the fair value measurement in its entirety requires judgement, considering factors specific to the asset or liability.

The determination of what constitutes 'observable' requires significant judgement by the Fund. The Fund considers observable data to be that market data that is readily available, regularly distributed or updated, reliable and verifiable, not proprietary, and provided by independent sources that are actively involved in the relevant market.

The following table analyses within the fair value hierarchy the Fund's financial assets (by class) measured at fair value:

	Level 1 RM	Level 2 RM	Level 3 RM	Total RM
As at 31 August 2025				
Financial assets at fair value through profit or loss

Investments whose values are based on quoted market prices in active markets, and are therefore classified within Level 1, include active quoted equities and collective investment schemes.

The Fund's policies on valuation of these financial assets are stated in Note E.

3. MANAGER'S FEE

Clause 13.1.2 of the Master Deed provides that the Manager is entitled to an annual management fee at a rate not exceeding 1.50% per annum based on the Fund's NAV on a daily basis before deducting the Manager's and Trustee's fees calculated for that particular day.

The Manager's fee provided in the financial statements is computed on this basis at a rate of 1.50% (2024: 1.50%) per annum.

There will be no further liability to the Manager in respect of Manager's fee other than the amounts recognised in the financial statements.

NOTES TO THE FINANCIAL STATEMENTS
